

Surface Specification Summary

Standard production data. Slab sizes and minimum order quantities are confirmed per order.

Engineered quartz (ASM / ASR / ASRX 2025 / ASZ)	93% natural quartz aggregate, resin and pigment
Artificial marble	Engineered stone with continuous marble-look veining
Terrazzo	Aggregate chip terrazzo in a bound matrix
Porcelain	Full-body porcelain, large format
Nano glass	Crystallised nano glass, dense pure white body
Sintered stone	Sintered mineral stone, no resin binder
Thickness	2 cm and 3 cm standard; custom thickness on request
Surface finishes	Polished, honed, leathered
Pattern families	Calacatta, veined, plain, coarse
Edge profiles	Six profiles incl. bullnose, ogee bullnose step, radius, mitre
Colour groups	Light grey and white; brown; dark grey and black
Production standard	ISO 9001 production control
Plant	Established 2011, 67,000 m2 site, two automated lines, 100+ workers
Monthly capacity	Over 24,000 m2
Slab size	TBC - confirmed per order
Minimum order quantity	TBC - confirmed per order
Samples	Free to distributors, builders and countertop factories

Colour codes in production

Quartz Series	108
Artificial Marble	41
Terrazzo	41
Porcelain Slabs	36
Nano Glass	17
Sintered Stone	9
