Overview

The Oxygen Times OTB Series is our largest soft-shell sitting hyperbaric chamber, designed for users who value generous interior space, easy access, and exceptional comfort. Featuring a walk-in design with a heavy-duty external support frame, the OTB provides a bright, open environment that allows users to sit naturally throughout each session. Its spacious interior makes it an excellent choice for premium wellness spaces, sports performance facilities, luxury residential settings, and professional demonstration rooms. Operating at up to 1.5 ATA (7 PSI), the OTB combines dependable performance, advanced safety engineering, and durable construction for long-term daily use.
