- Spacious lie-flat interior

Overview

The Oxygen Times OTL19 is a premium soft-shell hyperbaric chamber designed for users seeking enhanced pressure capability while maintaining the comfort and portability of a soft-shell system. Operating at up to 1.9 ATA (13 PSI), the OTL19 combines advanced automatic pressure control, durable construction, and a spacious lie-flat design to deliver a smooth, reliable, and user-friendly experience. Complete with an external support frame and protective cover, the OTL19 is well suited for luxury residential spaces, wellness studios, sports performance facilities, and professional demonstration environments.
